**REQUEST FOR PROPOSAL
GPS GOLF CART FLEET TRACKING SYSTEM
QUESTIONS AND ANSWERS**

RFP No. 16-007

Q&A No. 1

Date: April 1, 2016

Please note the clarification and/or additional information for the solicitation referenced above.

- 1. Q: Is the shut-off feature or alert of exit from the geo fence a required feature?**

A: The City prefers to have this or a similar feature.
- 2. Q: Does the City seek to have food and beverage ordering capability on the tablet-style unit?**

A: Yes.
- 3. Q: Is a roof-mounted unit acceptable?**

A: Yes.
- 4. Q: Does the City seek advertising placement capability on the tablet-style unit?**

A: Yes.
- 5. Q: What is the ideal size on the tablet unit?**

A: 10 inches or less.
- 6. Q: When the carts are swapped out at the end of the current lease will the unit be compatible for reinstallation?**

A: Yes.
- 7. Q: Is logging the speed of the cart important?**

A: No.
- 8. Q: What is the quality of the cellular coverage on the course?**

A: Good on the course, but medium at the club house.
- 9. Q: Is front or back mount preferred on the internal components?**

A: Back mount is preferred for easy access, however that area will receive more water exposure as that area is pressure washed. Units must be water resistant.
